## Take Them a Meal

One of the ways that the members and friends of our congregation support each other is providing meals in times of grief, illness, and births. Periodically we try to update the list of volunteers so that we are not reaching out to folks who are no longer able to help in that way and so that we can include new folks. Spreading the opportunity to help among many people is essential.

If you recently received an email about an opportunity to provide a meal and you no longer wish to be on that contact list, please let Joan Wuerthner or Andrea Rohde know. If you would like to be added to the list of folks who are willing to help out, please contact them as well! We can go for many months with no requests but when the need is there, we want to be able to respond with compassion and generosity. Taking care of one another is one way we all help to make our world a better place.

## **MUUSAN Maine UU State Advocacy Network**

MUUSAN is supporting a very important bond issue coming right up. LD911 would send a 40 million bond issue to the voters in November to support land conservation, working waterfronts, water access and outdoor recreation. MUUSAN's partner Conservation Voters has more info if you need it. Some sites near us that would benefit are Ferry Beach, Kennebunk Plains, and Mt. Agamenticus. Right now, LMF is caught up in Augusta politics and only an outcry from constituents will raise the issue above the fray. If this issue matters to you, please contact your legislator and ask them to support LD911.

## Choir Notes

There have been long time members of the Kennebunk UU choir who have moved on to different climes - one now living in San Francisco. Paula Moulton was mentioned in an earlier article about choir and I followed through on the temptation to do a bit of an interview with her by phone.

Paula tells of starting her church singing in her 20's and she's now 82 - still a part time member of a UU choir. She tells that at one time there was no choir at First Parish UU in Kennebunk. At that time Sunday music was provided by her solo singing and by the organist. She tells it was always important to coordinate with the minister to sing music relevant to the theme of the service. This, of course, is an ongoing practice to this day.

Paula recalls singing solo every other Sunday until that commitment became difficult to sustain. Then around that time the organist also became choir director and there emerged a small number of folks who enjoyed singing. She recalls choir members arranging themselves in the narrow choir loft at the back of the church around the organist.

She also recalls that at one time before there was a choir that there were young boys who would crouch down to hand power the organ before it became electrified. In a very recent year when our previous music director Charlie Grindle was playing the organ a problem arose with the electric motor for the organ. Ian Durham's son came to our rescue - crouching into that small space to hand power the bellows. A very memorable event.

She fondly recalls Kathy Rochon who had a choir director's special abilities to inspire interest, enthusiasm and find music with the right level of challenge that is also appropriate in its lyrics for the unique Unitarian service.

Choir makes memories, builds camaraderie and friendships, brings out and builds upon latent musical skills. And introduces new choir directors with unique leadership skills such as we now have with our Molly Petrik. Only at certain times - such as Christmas or Solstice - do we crowd into the back-choir loft as we now have a beautiful piano to accompany us donated by Jaylene Summers and Rich Gaito.

Paula remarks that music is the heart of the church. There is a magic in the harmonies of choir singing that lifts even the weariest of hearts. The size of the choir swells and contracts and there is always joy to welcome new singers. Ginny Lawrence

## **From the Archives**

February 2020

George Wells

Our third minister was George W. Wells of Boston. He served from 1827-1838. While other Sunday schools in Maine tended to be formed and then expire, at least temporarily, ours happily continued uninterrupted through this difficult period when Maine was first being admitted to the Union. We are able to claim that ours is the oldest Sunday school in the State of Maine that has maintained continued existence.

Rev. Wells was a very young minister, a diligent activist and our Sunday school was greatly stimulated under his guidance by the formation of the "Kennebunk Sunday School Society. It had been apparent that a number of poor children would need clothing from time to time to enable them to attend Sunday school, and on the evening of March 12, 1829, the young ladies of the parish met at the Home of Col. Enoch Hardy, (three doors down from what is now the Police Station on Summer Street.)

The members were quite ingenious in developing marketable items which they could produce such as fancy items for fairs and other organizations. A paper lantern that Rev. Wells had noticed on a trip to Boston was copied and became a very popular item. At the same time the Society managed to supply sheets and pillowcases to needy families in times of sickness, and the annual fairs that came later in the century were most productive. Eventually the interests of the Society went beyond the Sunday School to fund other projects both within and outside of the parish.
